

CHIVALRY SET UP AS AULD'S DEFENSE

Counsel Urged Court - Martial That Officers Should be Discharged on This Ground.

ROW OVER A GIRL'S PICTURE.

She Was Entitled to Protection of Her Dead Father's Comrades, Maj. Leonard Claimed.

Boston, Feb. 3.—Chivalry was the defense offered by counsel for Paymaster George P. Auld in his argument before the naval court martial today, when he asked for the discharge of the young officer, accused in connection with an altercation with Dr. E. S. Cowles of Boston, over Miss Dorothy Hesler of Evanston, Ill.

Maj. F. S. Catlin, judge advocate, asked for a finding of guilty on two of the three counts, first, for conduct unbecoming an officer and a gentleman, and second, for assault on Dr. Cowles, a civilian.

The third count of falsehood, was eliminated.

The court took the matter into secret session and only the navy department at Washington can publish its findings.

Dr. A. S. Bennett, who was coupled with Paymaster Auld in the original charges, will be tried on Monday.

Maj. Catlin spoke first, claiming that it had been clearly shown that Mr. Auld had overstepped the bounds and that he had assumed authority which he did not have.

Maj. Leonard, a one-armed hero of the siege of Pekin, spoke for the defense. He dwelt upon the fact that Miss Hesler, around whom the contest seems to have centered, was the daughter of a dead naval officer, and entitled to the protection of her father's comrades. He claimed that Dr. Cowles should not have kept her picture or tried to make an appointment with her, and that it was a chivalrous act on the part of the naval officer to protect her.

CHILD COUGHED UP PIN.

Pittsburg, Pa., Feb. 4.—Here's the pin," cried 7-year-old Mary Williams of Bradock, as she rushed toward her mother after she had stood on her head in a

corner. Following the acrobatics the child was seized with a severe fit of coughing and ejected a pin that she had swallowed a week ago.

The pin had lodged somewhere between her mouth and her stomach. Although the child said, "It did not hurt a bit," several physicians were called, but they were unable to find it. Weary of their prodding and poking, little Mary tried her acrobatic stunts with great success.

COAL MINERS' WAGE CONFERENCE POSTPONED

Toledo, O., Feb. 3.—With an initial difference between them, amounting to 20 cents a ton, the operators and miners of the districts comprising Ohio, Indiana and western Pennsylvania, met here today for a postponed joint conference to adjust a wage scale for a new contract beginning April 1.

The miners, in their convention at Indianapolis, made a demand for a wage increase from 90 cents to \$1.10 a ton. While they have not formulated their demand, it has been generally understood that the operators want a decrease of 10 cents a ton.

With the understanding that any agreement here will be a basis of settlement in all other bituminous districts and the declaration of the miners that if the conference disagrees a general strike may result, the conference assumes widespread importance.

As the prime issue the operators, those of Ohio leading, are expected to force to some conclusion the 12-year-old project of organizing the non-union field of West Virginia as a preliminary to increasing or maintaining present wages.

They say they cannot continue to compete with the West Virginia operators and that the non-union fields of Kentucky and West Virginia are also becoming a strong factor in their competition.

Individual operators say they cannot grant the miners' demand that the coal shall be weighed before screened and paid for on that basis.

The controversy over the admission of the miners' delegates from Illinois assumed an apparently serious aspect tonight. The committee on credentials came to a disagreement, and its report will throw the contest into the joint convention tomorrow.

The operators took a decided stand and it was intimated that if the miners do not yield there will be no conference.

INWARD AND OUTWARD.
The inward effects of humors are worse than the outward. They weaken all the organs, inflame the mucous membrane, cause catarrhal troubles, and endanger the whole system.

Hood's Sarsaparilla eradicates all humors and cures all their effects. It's the great alternative and tonic medicine whose merit has been everywhere established.

Accept no substitute.

RAILROAD WAR WILL BE AVERTED

Firemen's Committee Make Overtures for Continuance of Wage Negotiations.

ARE TO BE RESUMED MARCH 7

Thirty-three Thousand Members of Brotherhood and 190,000 Miles of Road Involved.

Chicago, Feb. 4.—Prospects of a struggle between the 33,000 members of the Brotherhood of Locomotive Firemen and Engineers, employed on 51 American railroads and involving 190,000 miles out of the total of 234,000 miles in this country, practically were eliminated by a step taken yesterday by the firemen's committee, in making overtures to the railroads looking to a continuance of wage negotiations.

While the breaking off of the wage conferences Wednesday, which have been in session between the general managers' committee and the representatives of the brotherhood, caused a feeling of uneasiness, yesterday's move by the firemen eliminates all doubt in the minds of the railroad officials as to what the outcome of the vote of the firemen will be.

Following the cessation of negotiations Wednesday, it was announced that the entire matter would be placed before the men to be voted upon. Thirty days was thought to be the time it would take the 33,000 men to cast their votes.

President Carter of the Brotherhood of Locomotive Firemen and Engineers, wired from Peoria to W. S. Nixon, general manager of the "Frisco" line, and chairman of the general managers' committee asking that March 7 be set for resumption of negotiations. Following the decision by the men, Mr. Nixon at once accepted the offer.

TAFT DISCUSSES OHIO POLITICS.
Washington, Feb. 3.—Ohio politics, which has played more or less of a prominent part in White House councils of late, was discussed again at a conference today, when President Taft had as callers, Arthur Vorys, his chief of staff during the last campaign; Henry Williams, former state chairman of the Republican party, and now national bank examiner, and Walter Brown of Toledo.

As all of the federal offices in the state have been filled or already been decided upon, it was said the situation confronting the party in preparation for the fall campaign formed the single topic of discussion.

The Republicans are anxious to secure the most formidable candidate to oppose Gov. Harmon, who, it is presumed, will be renominated by the Democrats.

TREMENDOUS INCREASE IN AUTOMOBILE ACCIDENTS
Boston, Feb. 4.—Emphasizing the need of more careful and considerate use of the highways of the state by automobilists, the Safe Roads Automobile association has issued a statement in which it is shown that 46 per cent more automobile accidents of all sorts occurred in Massachusetts in 1909 than in 1908.

The figures show 860 serious accidents and 54 deaths in 1909, compared with 621 serious injuries and 32 deaths in 1908.

BOSTON'S FISH SUPPLY GREATER THAN EVER
Boston, Feb. 4.—With the agitation over the no-meat crusade at its height, special interests attaches to the fact made public today that the production of fish in Boston is greater than in any year since 1906. A total of \$2,001,750 worth of fish was landed in the city wharf in 1909. There were 400 vessels employed in the trade, the catch consisting mainly of haddock and cod.

WAR ON POLICEMEN WHO ARE "DEADBEATS"
Chicago, Feb. 4.—Chief of Police Steward had declared war on policemen who are "deadbeats."

His position with regard to members of the department who fail to pay their debts is set forth in an order issued last night. It reads as follows:

"Members of this department are admonished to so arrange their personal matters that they are not in arrears to their creditors. Failure to do so shall not come before the department. Drastic action will necessarily have to be taken when officers are negligent in this regard."

DIDN'T KNOW HOW MANY LEGS A HORSE HAS
New York, Feb. 4.—Jan Resotsky, a Slovak, who says he is a farmer, could answer all the questions of the immigration inspectors as to his views on polygamy and anarchy but when they asked him "how many legs has a horse?" he did not know. Jan went to Ellis Island for further examination. He will have to do better before he is allowed to try farming in this country.

SALVATION ARMY CAPTAIN MADE CO-RESPONDENT
New York, Feb. 4.—John C. Cogan, wealthy manufacturer of Green Point, Long Island, has filed suit for absolute divorce from his wife, Mary, naming B. Lambrakis, a Salvation Army captain, as co-respondent. With the religious worker, Cogan alleges his wife took a trip to Minneapolis, in September, last, and returned to New York only recently. The Cogans were married 16 years ago and have three children.

CHICAGO TO VOTE ON SALOONS.
Chicago, Feb. 4.—Chicago will vote on the saloon question at the April election, provided the petition to be filed before midnight tonight can withstand the legal attacks planned by liquor organizations.

"This became practically certain last night, when all petitions circulated by the 2,000 local option workers were delivered at a mass meeting at Willard hall and the names counted.

The total number of signatures proved to be approximately 58,000. The petition must contain 41,000 to bring the question to a vote and the remaining 3,000 must be obtained today, as 12 o'clock tonight is the last moment at which the document can be filed.

TAINTED OYSTERS SEIZED BY U. S. DEPUTY MARSHALS
Chicago, Feb. 4.—Seizure of 20 barrels of oysters on the complaint that they had been contaminated by sewage created consternation among local dealers yesterday.

The seizure was made by a deputy United States marshal and a federal food inspector, who came from Washington to look up cases in Chicago. The oysters seized were said to have been shipped from South Norwalk, Conn.

The custom of "floating" oysters, taken from salt water bays in river water to "swell" them before they are shipped, is said to be the cause of contamination of the oysters seized.

CHINESE DECLARE BOYCOTT AGAINST SAN FRANCISCO
San Francisco, Feb. 4.—Because of alleged unfair treatment of orientals at the new immigration station at Angel Island, a boycott has been declared against the port of San Francisco by the Chinese of this city and the entire Pacific coast. Following a meeting of representative Chinese here yesterday, cablegrams were sent to China instructing all Chinese to avoid this as a part of entry and to come by northern ports until changes in conditions are made here.

WYANDOTTE INDIAN BURIAL GROUND NOT SACRED
Washington, Feb. 4.—Justice Holmes came near disproving the assertion that in the eyes of the law there is no fear, when yesterday, there was filed in the archives of the supreme court of the United States, the opinion of the court in the suit of the Wyandotte woman lawyer, Lyda B. Conley, to prevent the white man from disturbing the Indian burial ground in Kansas City, Kan., where the bodies of her ancestors lie.

"For every reason we have examined the facts with anxiety," says he in the opinion, "to give full weight to any argument by which the plaintiff's wishes might be carried out."

The court was unable to find any such justification and was "driven" to the conclusion that none existed.

"We are of opinion," he concluded, "that in view of the circumstances it is just that the bill should be dismissed without costs."

The opinion is said to be in the most sympathetic terms of any handed down by the court in years.

PRIMERO MINE DISASTER.
Government Geological Experts to Investigate the Cause.

Primero, Colo., Feb. 4.—The arrival here last yesterday of L. M. Jones of McKeesport, Pa., both in charge of geological survey stations, marked the entrance of the federal government into the investigation of Monday's disaster in the Colorado Fuel & Iron company mine here. Today they will begin their examination of the mine.

Today there was another exodus of relatives and friends to Trinidad where funerals were held and the interment of the 16 bodies remaining out of the 51 recovered took place.

Work of restoring ventilation in entirely unexplored since the disaster is progressing rapidly. Almost impassable obstacles continue to be encountered in the shape of wrecked timbers and fallen rock. Only with the greatest risk have exploring parties reached some of the remote portions of the workings, being spurred on by the hope of recovering some of the missing bodies. Large forces have been set to work clearing away the debris in workings already explored and it is believed, the completion of this task will be necessary before all the missing bodies will be found.

Only Gloved Hands Pick "Sunkist" Oranges

We use great care in picking the famous "SUNKIST" ORANGES. Each "SUNKIST" ORANGE is picked from the tree and packed in a box by a gloved hand. No orange that falls to the ground is packed under the "SUNKIST" label.

"Sunkist" Navel Oranges Are Seedless

We grow 60 per cent of all the California oranges. Three-fourths of all the lemons. Most of them are sold in bulk, but the choicest selections of this great quantity are wrapped in the "SUNKIST" label, so that if you would be sure that you get the choicest pick, insist upon the "SUNKIST."

Beautiful Orange Spoon FREE

Some dealers may claim the oranges they sell are the famous "SUNKIST," but that they have removed the wrapper. Insist on your dealer giving you oranges and lemons in the "SUNKIST" wrapper. If you do this we will give you a beautiful orange spoon—one of Roger's best standard AA quality. Just send us twelve "SUNKIST" orange or lemon wrappers, with six 2c stamps to pay postage, packing, etc., and receive one of these beautiful spoons by return mail.

The choicest quality of lemons also go under the "SUNKIST" label. You can easily secure a whole dozen of these beautiful orange spoons. Get a dozen "SUNKIST" oranges or lemons today.

AWAY GOES INDIGESTION, GAS AND ALL STOMACH MISERY.

Take a little Diapiesin now and your Stomach will feel fine five minutes later.

As there is often some one in your family who suffers an attack of Indigestion or some form of Stomach trouble, why don't you keep some Diapiesin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy Stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Pape's Diapiesin. Indigestion, Sour Stomach, Heartburn and other distress go in five minutes and relieve at once such miseries as Belching of Gas, Eructations of sour

undigested food, Nausea, Headaches and dizziness, Constipation and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion and Dyspepsia or an out-of-order stomach with the common every-day cures advertised that they have about made up their minds that they have something else wrong, or believe there is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest. Instead, it ferments and sours, turns to acid, Gas and Stomach poison, which putrefy in the digestive tract and intestines, and besides, poison the breath and nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort of misery of the Stomach, is waiting for you as soon as you decide to try Pape's Diapiesin.
